

Born in 1975 in Paris and coming from Cinema school and 35mm, I am now completely involved in Digital Cinema, Broadcast and Social network. Over the course of my 30 years of experience, I have worked across a wide range of roles and industries. This experience has equipped me with the skills to handle diverse situations and adapt my approach accordingly. Madly in love with beautiful imagery, I never tire of using it to tell wonderful stories.
